
Index to Volume 38

The volume is indexed by SUBJECTS, AUTHORS, BOOK REVIEWS, and AUDIO-VISUAL REVIEWS, in that order.

SUBJECTS

Adolescents

- Intervention for disadvantaged girls: insight for school faculties, 666
- Pregnancy experiences among married adolescents, 47
- Some psychiatric aspects of illegitimate pregnancy in early adolescence, 672
- Three-year posthospital follow-up of adolescent and adult schizophrenics, 94

American Orthopsychiatric Association

- AOA's president for 1968-69, Dane G. Prugh, 398
- Business meeting, 941
- Code of ethics on human experimentation, 589
- Orthopsychiatry—its history, its future Beginnings of the child guidance movement, 799
 - Development of orthopsychiatry; the contributions of Levy, Menninger, and Stevenson, 804
 - Future projections for orthopsychiatry, 809
- Statement of the AOA on the work of the Joint Commission on the Mental Health of Children, 402

Appalachia

- American youth in a social struggle (II): the Appalachian volunteers, 31

Autistic Children

- Parents of autistic children, 653
- Staff conflicts in the use of operant techniques with autistic children, 647

Birth Control

- Birth control, culture, and the poor, 693

Child Abuse

- Principles of management in child abuse cases, 127

Children

- Effectiveness of residential treatment for psychotic and other disturbed children, 469

Follow-up study of 71 children diagnosed as psychotic in preschool age, 846

Foster care for emotionally disturbed children, 539

Good child facade in chronic underachievers, 153

Implications of neurological findings for residential education, 643

Influence of nursery school on social interactions, 144

Orientation to work in children, 137

Parents of autistic children, 653

Psycholinguistic diversity among "culturally deprived" children, 122

Rarity of reading disability in Japanese children, 599

Special education for mentally subnormal children in Taiwan, 615

Staff conflicts in the use of operant techniques with autistic children, 647

Stimulation of verbal interaction between disadvantaged mothers and children, 116

See also Infant Development.

Clinic Operation

Child guidance clinic approach to the multi-problem family, 527

Clinical cooling out of poor people, 457

Comparison of middle- and lower-class families in treatment at a child guidance clinic, 814

Implications for the child guidance clinic of current trends in mental health planning, 515

Retreat from help, 910

Selection and engagement of patients in family therapy, 715

Short-term group psychotherapy in a psychiatric walk-in clinic, 724

Cognitive Development and Functioning

Birth weights of high school dropouts, 63

Good child facade in chronic underachievers, 153

Implications of neurological findings for residential education, 643

Institutionalized infants' concept formation ability, 110

Psycholinguistic diversity among "culturally deprived" children, 122

Stimulation of verbal interaction between disadvantaged mothers and children, 116

Verbal deficiencies in abstract thinking in early reading retardation, 823

Community Mental Health

Factory: site for community mental health practice, 543

Responsible systems of care for community mental health centers, 700

Role of a neighborhood service center in community mental health, 705

See also Clinic Operation.

Disadvantaged

Birth control, culture, and the poor, 693

Clinical cooling out of poor people, 457

Comparison of middle- and lower-class families in treatment at a child guidance clinic, 814

Intervention for disadvantaged girls: insight for school faculties, 666

Psycholinguistic diversity among "culturally deprived" children, 122

Rehabilitation of narcotics addicts among lower-class teenagers, 56

Stimulation of verbal interaction between disadvantaged mothers and children, 116

See also Clinic Operation and Community Mental Health

Drugs

Drug use in an urban college population, 503

Rehabilitation of narcotics addicts among lower-class teenagers, 56

Education

Basic education and youth socialization in the armed forces, 869

Basic education and youth socialization anywhere else, 877

Education for individual development, 858

Ethics in Human Experimentation

Code of ethics on human experimentation, 589

Ethical problems in experimentation with offenders, 738

Families

Child guidance clinic approach to the multi-problem family, 527

Selection and engagement of patients in family therapy, 715

Side-taking function in family therapy, 553

Foster Care

Foster care for emotionally disturbed children, 539

Group Therapy

Short-term group psychotherapy in a psychiatric walk-in clinic, 724

In Memoriam

Martin Luther King, Jr., 588

Industrial Workers

Factory: site for community mental health practice, 543

Infant Development

Deprived infants: potential for affective adjustment, 835

Institutionalized infants' concept formation ability, 110

Variations in infant development and response to maternal loss in monkeys, 418

Visiting and caretaking patterns for Kibbutz infants: age and sex trends, 427

International Reports

Rarity of reading disability in Japanese children, 599

Second Panafrican Psychiatric Conference, 749

Special education for mentally subnormal children in Taiwan, 615

Intervention

Child guidance clinic approach to the multi-problem family, 527

Intervention for disadvantaged girls: insight for school faculties, 666

Results of social work intervention—a positive case, 444

Joint Commission on Mental Health of Children

Statement of the AOA on the work of the Joint Commission on the Mental Health of Children, 402

Law

How to win friends and influence legislators, 67

Legal norms and practices affecting the mentally deficient, 635

Psychiatrist as public administrator—case in point: state sterilization laws, 76

Marriage

Crisis in marriage—reification or reality, 560

Mental Health Care

Implications for the child guidance clinic of current trends in mental health planning, 515

Responsible systems of care for community mental health centers, 700

School career adjustment patterns of children using mental health services, 659

Social identification and the seeking of psychiatric care, 83

Mentally Retarded

Legal norms and practices affecting the mentally deficient, 635

Measurement of adaptive behavior: a descriptive system for mental retardates, 622

Special education for mentally subnormal children in Taiwan, 615

Nonprofessional Aides

Role of a neighborhood service center in community mental health, 705

Utilization of retired people as mental health aides with children, 900

Operant Techniques

Staff conflicts in the use of operant techniques with autistic children, 647

Peace Research

University contribution to resolution of international conflicts, 493

Pregnancy

Dreams of pregnant women and maternal adaptation, 688

Pregnancy experiences among married adolescents, 47

Some psychiatric aspects of illegitimate pregnancy in early adolescence, 672

Unexpected effects of an "open door" policy on birth rates of women in state hospitals, 413

Psychiatric Research and Theory

Adult work and developmental models, 882

Deprived infants: potential for affective adjustment, 835

Dreams of pregnant women and maternal adaptation, 688

Follow-up study of 71 children diagnosed as psychotic in preschool age, 846

Good child facade in chronic underachievers, 153

Neurosis and the social structure, 89

Psychopathology of development: investigating the etiology of schizophrenia, 784

Some psychiatric aspects of illegitimate pregnancy in early adolescence, 672

Three-year posthospital follow-up of adolescent and adult schizophrenics, 94

Psycholinguistics

Psycholinguistic diversity among "culturally deprived" children, 122

Psychological Research

Comparison of middle- and lower-class families in treatment at a child guidance clinic, 814

Influence of nursery school on social interactions, 144

Institutionalized infants' concept formation ability, 110

Stimulation of verbal interaction between disadvantaged mothers and children, 116

Territoriality in man—a comparison of behavior in home and hospital, 464

Variations in infant development and response to maternal loss in monkeys, 418

Visiting and caretaking patterns for Kibbutz infants: age and sex trends, 427

Psychotherapy

Assessment of patients by psychotherapists, 476

Comparison of middle- and lower-class families in treatment at a child guidance clinic, 814

Effectiveness of residential treatment for psychotic and other disturbed children, 469

Experimental analysis of a brief psychotherapy relationship, 482

Selection and engagement of patients in family therapy, 715

Short-term group psychotherapy in a psychiatric walk-in clinic, 724

Side-taking function in family therapy, 553

Studies in alcoholism and LSD: influence of therapist attitude on treatment outcome, 733

Reading Disability

Rarity of reading disability in Japanese children, 599

Verbal deficiencies in abstract thinking in early reading retardation, 823

Research Education

Postgraduate education for clinical research, 410

Residential/Hospital Care

- Effectiveness of residential treatment for psychotic and other disturbed children, 469
 Implications of neurological findings for residential education, 643
 Unexpected effects of an "open door" policy on birth rates of women in state hospitals, 413

Schizophrenia

- Effectiveness of residential treatment for psychotic and other disturbed children, 469
 Psychopathology of development: investigating the etiology of schizophrenia, 784
 Three-year posthospital follow-up of adolescent and adult schizophrenics, 94

Social Class and Mental Health Care

- Clinical cooling out of poor people, 457
 Comparison of middle- and lower-class families in treatment at a child guidance clinic, 814
 Social identification and the seeking of psychiatric care, 83

Social Work

- Future direction of social work:
 1. From concern with problems to emphasis on prevention, 9
 2. Professional mobility of social work and its middle-class orientation, 18
 Results of social work intervention—a positive case, 444
 Social worker participation in training residents in psychiatry, 25

Staff Relations

- Hazards of teamwork, 4
 Staff conflicts in the use of operant techniques with autistic children, 647

Sterilization

- Psychiatrist as public administrator—case in point: state sterilization laws, 76

Territoriality

- Territoriality in man—a comparison of behavior in home and hospital, 464

Training in Mental Health

- Postgraduate education for clinical research, 410
 Social worker participation in training residents in psychiatry, 25

Work

- Adult work and developmental models, 882
 Orientation to work in children, 137
 Work incentives in the age of automation, 893

Youth/Students

- American youth in a social struggle (II): the Appalachian volunteers, 31
 Children's crusade, 591
 Drug use and experience in an urban college population, 503
 Responding to student protest, 780
